- **Master carton quantity:** 6
- **Master carton dimensions:** 123 x 198 x 194 mm
- **Packaging type:** D-box
- **Packaging dimensions (W x H x D):** 91 x 168 x 35 mm
- **Product dimensions (W x H x D):** 27 x 86 x 13.5 mm
- **Product weight:** 0.035 kg

Power

- **Battery capacity:** 550
- **Battery Type:** LI-Polymer
- **Charging time:** approximately 5 hr

Product highlights

Magnesium body

Stylish, small and compact

Direct USB

Devices with direct USB can be plugged directly into the USB port of your PC without the need for any cable. Your computer will automatically recognize the device as a removable USB mass storage device (Windows 98 requires additional drivers) allowing you to easily drag and drop files via Windows Explorer (or Apple Folders) between your computer and device. Simply pack your device with music and data on the go - everyday.

USB direct battery recharge

Direct battery recharge via USB offers ultra convenience when recharging your device. No need to bother with separate chargers or cables, simply plug n' recharge your device directly on your PC.

USB mass storage device

USB mass storage devices offer a convenient way to save, backup and move your files around. The devices connect to your computer using a USB connection and do not require any special software to be installed (only Windows 98 and Me need drivers). The device automatically shows up as a removable drive in Windows Explorer allowing you to simply drag and drop files to and from the device.
